ADDRESS

OF THE

House of Commons of Great Britain

TO

HIS MAJESTY:

EXTRACTED FROM THE VOTES,

Veneris, 11° die Julii, Anno 40° Georgii 3^{tii} Regis, 1800.

Most Gracious Sovereign,

We, Your Majeſty's moſt dutiful and loyal Subjects, the Commons of Great Britain in Parliament aſſembled, having taken into our Conſideration the State of the Public Records of this Kingdom, and the Neceſſity of providing for the better Arrangement, Preſervation, and more convenient Uſe of the ſame, humbly beg leave to lay before Your Majeſty the Report of our Proceedings thereon; and to repreſent to Your Majeſty, that in ſeveral of the Principal Offices we have found the Public Records preſerved with great Order and Regularity, and in ſome few, with a Method and Care which are exemplary; but that, in many of the moſt important Offices, they are wholly unarranged, undeſcribed, and unaſcertained; that ſome of them are expoſed to Eraſure, Alteration, and Embezzlement, and others are lodged in Places where they are daily periſhing by Damp, or incurring a continual Risk of Deſtruction by Fire.

A Period of nearly Seventy Years has elapſed ſince the laſt General Parliamentary Inquiry upon this Subject; and, during this Interval of Time, the Change which has taken place in the Language and written Character of Judicial Proceedings, as well as the large Accumulation of Materials which has been progreſſively ſuperadded in every Department, have increaſed the Difficulties of methodizing the ſeveral Repoſitories, or applying their Contents to Purpoſes of practical Uſe.

In the Courſe of our Inquiry we have found that many of the Public Buildings allotted to theſe Uſes, and eſpecially thoſe Buildings which belong to Your Majeſty's Exchequer in all its Branches, comprehending the ancient Records and Muniments of the Rights and Poſſeſſions of the Crown, and the Vouchers and Accounts of the Public Revenues and Expenditure, are in a State ſo incommodious and inſecure, as to require immediate Attention.

It has alſo appeared to us, that the ſalutary Meaſures heretofore adopted by Your Majeſty's Authority, for methodizing the Contents of ſome of the principal Repoſitories of Your Majeſty's Records and Papers of State, might alſo be extended to many other Repoſitories, with Conſequences highly beneficial to the Public Service.

And the ſame Motives which encouraged our Predeceſſors to intreat Your Majeſty's Directions for printing the ancient Records of Domeſday, and the Rolls of Parliament, have alſo

alfo induced us to fubmit to Your Majefty's Wifdom, our Defire of extending the fame Meafure to other ancient and valuable Monuments of our Hiftory, Laws, and Government.

Your faithful Commons do therefore moft humbly befeech Your Majefty, that You will be gracioufly pleafed to give fuch Directions as Your Majefty, in Your great Wifdom, fhall think fit, for the better Prefervation, Arrangement, and more convenient Ufe of the Public Records of this Kingdom.

And we beg leave further to affure Your Majefty, that whatever extraordinary Expenfes may be incurred by the Directions which Your Majefty, in Your great Wifdom, fhall think fit to give on this Occafion, fhall be chearfully provided for and made good by Your faithful Commons

Jovis, 17° die Julii;

Anno 40° Georgii 3^{tii} Regis, 1800.

Mr. Chancellor of the Exchequer reported to the Houfe, That their Addrefs of Friday laft (that His Majefty would be gracioufly pleafed to give fuch Directions as He fhall think fit, for the better Prefervation, Arrangement, and more convenient Ufe of the Public Records of this Kingdom; and to affure His Majefty, that whatever extraordinary Expenfes may be incurred by the Directions which His Majefty fhall think fit to give on this Occafion, fhall be made good by His faithful Commons) had been prefented to His Majefty; and that His Majefty had commanded him to acquaint this Houfe, that He will give Directions as defired by the faid Addrefs.

COMMISSION

Arrangement, Preservation, and more convenient Use of the same; have humbly laid before Us a Report of their Proceedings thereon; and have also humbly represented unto Us, that the Public Records of the Kingdom are in many Offices unarranged, undescribed, and unascertained; that many of them are exposed to Erasure, Alteration, and Embezzlement, and are lodged in Buildings incommodious and insecure; and that it would be beneficial for the Public Service, that the Records and Papers contained in many of the principal Offices and Repositories, should be methodized, and that certain of the more ancient and valuable amongst them should be printed; and have humbly besought Us that We would be graciously pleased to give such Directions thereupon as We in Our Wisdom shall think fit.

Now know ye, That We, considering the Premises, and earnestly desiring more effectually to provide for the better Arrangement, Preservation, and more convenient Use of the said Records and Papers, and reposing great Trust and Confidence in your Fidelity, Discretion, and Integrity:

Have authorized and appointed, and by these Presents Do authorize and appoint you the said William Henry Cavendish Duke of Portland, William Wyndham Baron Grenville, Henry Dundas, Henry Addington, William Pitt, Sir Richard Pepper Arden, Frederick Campbell (commonly called Lord Frederick Campbell), Sylvester Douglas, Sir John Mitford, Sir William Grant, Robert Dundas, and Charles Abbot, and any Three or more of you, to make a diligent and particular Inquiry into the several Matters which Our faithful Commons have, in the abovementioned Report of their Proceedings, represented as fitting to be provided for by Our Royal Authority.

And furthermore, We do by these Presents give and grant to you Our said Commissioners, and any Three or more of you, full Power and Authority to cause all and singular the Officers, Clerks, and Ministers of the said Offices and Repositories respectively, to bring and produce upon Oath before you, or any Three or more of you, all and singular Rolls, Records, Books, and Papers, or other Writings belonging to the said Offices or Repositories, or any of them, or any Officers within the same, and which shall be in the Custody of them or any of them respectively.

And Our further Will and Pleasure is, That ye, or any Three or more of you, upon due Examination of the Premises, shall cause such Matters to be duly and speedily executed as ye shall judge fitting and proper to be done, for the more effectual Execution of the several Measures recommended by Our faithful Commons in the said Report of their Proceedings relative thereto.

And to the end that Our Royal Will and Pleasure in the Premises may be executed with the greater Regularity and Expedition, We farther by these Presents will and command, and do hereby give full Power and Authority to you, or any Three or more of you, to nominate and appoint from Time to Time such Person of Ability, Care, and Diligence, as ye shall think fit, to be and act as your Clerk or Secretary, for the Purpose of aiding you in the Execution of these Presents; and also to nominate and appoint in like Manner such several Persons of Ability, Care, and Diligence, as ye may think fit, to be Sub-Commissioners, to be employed under your Direction and Controul in the Premises, and more especially to methodize, regulate, and digest the Records, Rolls, Instruments, Books, and Papers, in any of Our Public Offices and Repositories, and to cause such of the said Records, Rolls, Instruments, Books, and Papers as are decayed, and in Danger of being destroyed, to be bound and secured; and to make exact Calendars and Indexes thereof; and to superintend the printing of such Calendars and Indexes, and original Records and Papers, as ye shall cause to be printed: Which said Clerk or Secretary, and Sub-Commissioners, and every of them, shall and may be removed by you, or any Three of you, from Time to Time, at your Will and Pleasure, full Power and Authority being hereby given to you to appoint others in their Places respectively.

And We further will and command, and by these Presents ordain, That ye, or any Three or more of you, shall from Time to Time certify, under your Hands and Seals, unto Our Lord High Treasurer, or unto the Commissioners of Our Treasury for the Time being, what shall be a fit and suitable Recompence to the above-mentioned Clerk or Secretary, and Sub-Commissioners respectively, for their Pains and Services in the Execution of the Duties hereby required to be by them performed; which said Recompence it is Our Will and Pleasure shall thereupon be paid to them respectively and accordingly.

And

And Our further Will and Pleasure is, That ye, or any Three or more of you, do and shall, on or before the 25th Day of March in the Year of our Lord 1801, and so from Year to Year, on or before the 25th Day of March in each Year respectively, so long as this Commission shall continue in force, certify unto Us in Our Privy Council, under your Hands and Seals respectively, all and every of the several Proceedings of yourselves and of the said Sub-Commissioners had by virtue of these Presents, together with such other Matters (if any), as may be deserving of Our Royal Consideration touching or concerning the Premises, and what further Measures (if any) ye shall think fit to propose thereupon.

And lastly, We do by these Presents ordain that this Our Commission shall continue in full Force and Virtue; and that ye Our said Commissioners, or any Three or more of you, shall and may from Time to Time, and at any Place or Places, proceed in the Execution thereof and of every Matter and Thing therein contained, although the same be not continued from Time to Time by Adjournment.

Given at Our Court, &c. the 19th Day of July, in the Year of Our Lord 1800.
